Graciously perched along Bali's fabled Bukit Peninsula, Suarga Padang Padang embodies the island's captivating beauty and rich culture. A distinctive cliff side location showcases stunning views of white sand beaches

and legendary surf breaks. Conveniently accessible, yet deliciously secluded, Suarga Padang Padang is only 20 km from Ngurah Rai International Airport (DPS). Suarga Padang Padang infuses gracious hospitality and indigenous design with social environmental awareness. Thoughtfully conceptualized to blend modern luxury with a minimal impact on the environment, the resort offers 36 evocative rooms, pavilions and villas. A masterpiece of true Balinese architectural craftsmanship stands quietly in the centre of the resort, alluring guests to relax in the lounge bar and dine in the restaurant, whilst enjoying panoramic 220-metre cliff frontage ocean views.

Villa Jurang speaks for itself, tempting guests to nurture meaningful experiences within two uplifting rooms and an enchanting private pool. Timeless moments of togetherness are complemented with engaging vistas across azure seas. Master villa 'Bajau' is inspired by Southeast Asia's sea nomads, and stands majestically at the edge of a cliff, enticing guests with breathtaking sunsets.

Consciously adopting a low-footprint building concept, Suarga Padang Padang is partially built on stilts to promote natural airflow and to protect the natural flora and fauna. As a registered applicant of the Forest Stewardship Council (FSC), the resort is predominantly built using recuperated wood, other FSC-certified materials, and bamboo. Renewable energy, in combination with low energy consumption technology, is applied to the lighting, air conditioning and all technological equipment.

Suarga Padang Padang invites today's 'Rough Luxury Travellers' to discover a new perspective in luxury travel, an interactive cultural journey that celebrates a conscious choice to support social-environmental awareness and indigenous design.
